# Igniting Women Leaders

The Women's Leadership Institute (WLI) is a collaborative effort between Michigan State University, alumni, professional women, and current students.

WLI has been designed to support and empower women students with leadership aspirations. We ignite women leaders with a vision of advancing leadership equity for women globally through thought leadership, creating a sustainable community, and providing high-quality events and resources for our students, faculty and MSU community.

## FOCUS ON LEADERSHIP

Since 2015 the WLI has offered programming focused on leading in today's world, civility and citizenship, confidence, resilience, health and wellness, financial equity, and gender bias.

## 3,000+ STUDENTS

3,000 students served through incite presentations, small group discussions, intensive workshops, and panel discussions.

## C-SUITE EXECUTIVES

The WLI has hosted c-suite executives from the medical community, academy, athletics, legal counsel, and major retail.
